

Information For Medicaid Members: Upcoming Changes to STAR+PLUS

Effective September 1, HHSC is transitioning contracts for the STAR+PLUS program. This transition means:

- Members may need to select new health plans.
- Providers may need to contract with new MCOs.

The STAR+PLUS Project Team invites members to attend an upcoming webinar to learn about changes to the STAR+PLUS program. This information will be helpful to members whose health plans may be changing.

Each webinar will cover the same information, so members only need to attend one session. Registration is required.
