

**An Important Message from
The Texas Health and Human Services Commission (HHSC)**

Implementation of Hormonal Therapy Agents Clinical Prior Authorization

Key Details:

On May 17, 2024, HHSC published an updated <https://paxpress.txpa.hidinc.com/hormonaltherapyagentspdg.pdf> prior authorization criteria guide.

Updates include the following:

- Adding the following:
 - Methitest
 - Oxandrolone
 - Synarel
 - Testosterone Cypionate
 - Alora
 - Estradiol
 - Lyllana
 - Minivelle
- Removing Lupron Depot-Ped

HHSC requires this clinical prior authorization for fee-for-service and managed care organizations, including UnitedHealthcare Community Plan of Texas.
